Please write a description of your team (150 words or less):

2010 marks the first trip to Mission Bay, San Diego for any of our paddlers. We're proud to be a year-round "RECREATIONAL" team, and a long-term member of the Southern California Dragon Boat Club.

The Thunder Dragons' history can be traced back to 2001, when a novice church team from Pomona participated in the 5th annual Long Beach tournament. We've grown a lot since then, with over 100 different paddlers wearing our brightly-colored, yellow t-shirts.

Looking forward to adding San Diego to our list of venues visited, a beautiful race site, and the gorgeous weather that So Cal is so noted for. Long stroke (hit !).
