

## USC Team Bio

Team Name: USC Dragon Boat

Team Captains: Evelyn Shih and James Li

Team Coach: Zachary Maas

Founded: 2005

### Description:

The USC Dragon Boat team is a competitive yet fun organization that truly has a family feel to it. Founded in 2005, we are completely student-run and self-supported. During the school year, we hold water practices at Long Beach and workouts on campus. In addition, we also have numerous social events throughout the year to have fun together off the water. As a relatively young club sport team, we continuously push ourselves to improve and be the best both on and off the water. Last season, we captured gold in the Division B finals in Arizona- a culmination of a semester's worth of blood, sweat and tears. As we grow, we continue to set bigger and better goals.
