

AeroDragons Dragon Boat Club – AeroDragons, based in Long Beach, CA, is a club devoted to the sport of dragon boat racing. This is our 7th year of racing – we are a member team of the Southern California Dragon Boat Club (SCDBC). Our members are a diverse mix of The Aerospace Corporation (www.aero.org) employees, families and friends. We are sponsored by the Aerospace Employees' Association (AEA). Our purpose is to cultivate a deeper appreciation for Asian/Pacific Islander and other cultural heritages through team building, recreation, friendship and fun. Visit us at www.aerodragons.org
