Race Experience (years): 7 Years

Team Bio:

Going strong since 2003, CAUCI Elements have been established on the principles of teamwork, dedication and willpower. This collegiate team is the very first to be based at the University of California Irvine.

On the boat, each team member works together as a unit channeling the forces of wind, thunder and fire, to inspire each and every stroke.

Currently in their 8th generation, our team has grown and become both a family in and out of the water. We are excited and ready to go into this race with everything we've got.
