Race Experience (Years): 5 .

**Please write a brief description of you team (100 words or less):**

*Splashing Flyers* started its journey during the 2006 season. Even though that first year was rough, a small core of dedicated paddlers was formed. From 2007 until now, we have medaled in almost every race we have entered in, with one of our greatest feats in the 2010 Long Beach Spring race, finishing 3<sup>rd</sup> Overall in the 500m Final. A majority of paddlers on the team are Northrop Grumman employees mixed in with a diversified group from all over OC and LA counties. As time moves forward, we are constantly growing, attending more practices and races, and building stronger relationships with old and new friends. This leaves us no choice other than to get better and go up! **GO GREEN MACHINE!!**
