

Team DPW – Started in January 2006, we are a cohesive team comprised of Los Angeles County **D**epartment of **P**ublic **W**orks employees with a few family members and friends thrown in for good measure. This crazy and fun group loves to hang out with each other no matter what the activity is and we thoroughly enjoy working through the challenges of dragon boating together. We are a proud member of the Southern California Dragon Boat Club (SCDBC) and words can't describe how excited we are to participate in the first annual San Diego Dragon Boat Festival. We wish all teams "good luck" and look forward to intense battles on the water. Thanks SDDBT for all of your hard work and for giving us another chance to race in 2010!!
